

# WHEELS & WHEEL ACCESSORIES

A-6 Pro Series

A-6 Pro Series GP

## A-6 PRO SERIES AND PRO SERIES GP WHEELS

- Wheels are 6061 heat-treated aluminum construction to increase wheel hardness and strength
- Center design is light yet super-strong
- GP style wheels use double-rolled lip construction for even greater durability and protection against rocks and rough terrain

- Size 4/110 and 4/144 bolt pattern GP wheels have stainless steel lug nut inserts; this allows for a more true and secure fit on OEM wheels with tapered lug nuts
- Polished finish

## A-6 PRO MOD WHEELS

- Extremely lightweight wheel that reduces unsprung weight and rotating mass for real performance gains
- Classic off-road modular style with a polished finish
- Angled outer face adds considerable strength without adding weight
- Double-rolled lip for extreme durability and ease of tire mounting
- Rugged, lightweight 0,190 wall construction

**NOTE:** Lug nuts sold separately.
