

All Rekluse clutch products are precision-engineered and made of high-quality materials to provide the best in performance and durability. Their components are stronger, lighter, longer-lasting and built for maximum performance. Rekluse's industry-leading auto clutches are optimized for each bike model as it comes from the

factory and they've designed each clutch to be fine-tuned for every rider. Rekluse's manual clutches deliver unprecedented performance, tuning and durability with a design that provides more discs in less space, allowing up to four additional friction discs over stock.

RADIUSX CLUTCH KITS

- With RadiusX a high-performance auto clutch is just a clutch pack swap away
- RadiusX combines TorqDrive friction disc technology with Rekluse's innovative EXP (auto clutch) disc
- TorqDrive provides more clutch discs in less space, delivering high-performance auto function within the framework of the stock clutch
- The RadiusX clutch prevents engine stalls so you can focus on the ride and let the auto clutch do the rest
- RadiusX delivers increased power transfer over OEM and longer clutch life with less adjustment over time
- Standard clutch lever function is retained and full override
- Some configurations include Rekluse basket sleeves to prolong basket life

TORQDRIVE® CLUTCH PACKS

- A high-performance manual clutch is now more accessible than ever with the TorqDrive Clutch Pack
- It's as easy as changing your clutch plates into your OEM components
- Proven at the highest levels of racing, TorqDrive thin friction disk technology allows more disks to fit in your OEM clutch's footprint, decreasing slip and unlocking the full power of your engine
- TorqDrive Technology also provides increased clutch life and decreased clutch fade
- The additional friction disks provide an average of a 25% gain in torque capacity over stock, while reducing lever pull by an average of 10% (figures vary by model)

1130-0397

- TorqDrive delivers stronger drive throughout the powerband, unlocking the bike's power without any expensive motor mods
- Rekluse basket sleeves eliminate basket wear and notching

NOTE: Not a replacement clutch pack for RadiusX, RadiusCX, or Core Manual TorqDrive.

CORE EXP CLUTCH KIT

FOR YAMAHA WR250R 08-18, WR250X 08-11

- Core EXP 3.0 is a centrifugal auto clutch featuring Rekluse's EXP (auto clutch) technology
- Full clutch control and use of the lever is retained for a no-compromise riding experience
- Core EXP 3.0 offers dead-on clutch engagement every time and allows riders to take off and stop in gear without using clutch lever
- With Core EXP 3.0, you'll confidently navigate traffic and slow-speed conditions
- Rekluse's billet center hub and pressure plate convert the clutch to six coil springs which improves lever feel, clutch performance, and durability

- Increased oil passages in the center hub and pressure plate move more oil through the clutch, decreasing operating temperatures and increasing clutch life
- Installing Core EXP 3.0 does not require modification to stock components
- Shifting the transmission remains unchanged (clutch lever use is recommended for shifting)

DESCRIPTION
EXP 3.0 clutch kit
