

Pistons

Casted and forged pistons.

- Casted version uses a well balanced silicon alloy to ensure total reliability in the extrem conditions of competition. Racing models have a molybdenum disulfide and Teflon coated skirt.
- Forged piston were developed in collaboration with Wössner, provider to MX, SX's top teams for more than 10 years. Molybdenum disulfide and Teflon coated skirt.

Vertex casted and forged pistons

Vertex offers a wide range of cast pistons for off-road motorcycles, often mounted as OEM equipment. Working closely with the best MX and SX European Teams, allowed it to develop a new range of "PRO" forged pistons.

Forged pistons.

This well-known brand distributed by Bihir since 1977, offers the largest range of forged pistons for motorcycles and quads. A passion for performance.

Prox casted and forged pistons.

PROX pistons are made with premium quality alloy, minimizing friction and ensuring product reliability. Internationally renowned, PROX offers a wide range of forged and casted pistons, original or higher size (up to 2mm), to increase cylinder lifetime.
